

ELECTRICAL & MECHANICAL EQUIPMENT SERVICES (CML 10914)

Technical Support - Repairs, Maintenance and Parts. Well-established Profitable Company

Potential Investment Proposition

Well-established profitable technical support services company with operations in Auckland, Christchurch and Queenstown. The company provides technical support, maintenance and repairs along with parts and accessories to its extensive client base. Services include warranty and tech support for a wide range of Equipment Manufacturers and Importer/Distributors

The directors have strategically positioned the company to provide services beyond its Auckland origins, and in recent years have expanded operations into Queenstown and Christchurch.

There is further demand in other regions, and strategies for growth and expansion through agreements with manufacturers/distributors are currently being exploited across NZ.

With the current GM expressing willingness to remain following a sale, the business could be considered as functioning under management with potential to be an investment proposition.

ASKING PRICE \$1.5MILLION.
