

FMCG BEVERAGE BUSINESS, \$199,999 PLUS STOCK/WIP - (CML 11029)

This is an opportunity to buy an established business that has created its own range of health enhancing beverage products. The hard work has been done with the development of the brand and exceptional products created with only organic ingredients. Absolutely no additives, preservatives or artificial colourings.

The product range has been developed and tested over the last 7 years and is now distributed into supermarkets and the hospitality sector as well as direct and online sales.

The product range will be attractive to businesses currently operating in the FMCG space as a valuable add-on to an existing range of products or distribution network (Functional Beverage Category).

The owners do not have the FMCG/export expertise to take this business to the next level. This could be an ideal opportunity for someone who has that capacity. Call Michael Kyriak now for more information on 021 534 979.
