INDUSTRIAL COMMERCIAL CONCRETE SERVICES, PIPELINE OF WORK - (CML 11071)

Successful Concrete Services business with a 50/50 mix between Commercial/Industrial and private clients. The company has a well-established presence and a consistently profitable performance.

FY 2025 performance along with a high level of quoted work is indicative of performance continuity with good returns to the shareholders.

With very little exposure to subdivision works and builders, the business does not appear to be materially impacted by the current downturn in that sector of the building industry.

Ongoing quote requests from existing industrial clients for further works along with a high number of new private (and commercial) concreting projects suggests good, ongoing earnings into the current FY.

CONSIDER THE FOLLOWING:

- Consistently PROFITABLE Business
- PIPELINE of work and strong level of quoting response activity
- Commercial/Industrial and Private Clients mix
- WELL-ESTABLISHED with EXPERIENCED Staff and SUPERVISION in place.
