MOTORCYCLE REPAIR AND SERVICING BUSINESS, PRICED TO SELL - (CML 11232)

This established motorcycle repair and servicing business is an ideal opportunity for a mechanic who is keen to step up to business ownership. The owners have decided that it's time to retire (they've bought their motor home !) and have priced their business to sell.

The business operates a fully fitted out workshop with two motorbike hoists, tyre fitting and balancing equipment and associated tools and equipment including Triumph and BMW diagnostic tools. The workshop is fully secured and protected with a modern security system. Administration offices upstairs overlooking the workshop and carpark and customer reception are on-site ground level. A long lease is available at a reasonable rent. Includes 3 carparks.

The business has specialized in BMW bikes and has a client database of nearly 900 clients. There is no reason why a new owner cannot expand to service other motorcycle brands.
