## DOGGIE DAYCARE - NORTH SHORE

Jolly Dogs is the best that the shore has to offer. With over 9,200 Facebook followers and a massive database of happy clients, this is a dog lover's dream business.

Established in 2013, the business has grown steadily with the 2017 financial year showing over \$300,000 in sales. The sales are predominately from doggy daycare for the regular weekly customers with additional income from grooming services.

Currently trading from 7am to 7pm Monday to Friday, there is massive scope to increase sales by expanding on the grooming business. In addition, the business could also benefit from adding boarding services as well as utilising the site on the weekends. Even the addition of retail items such as toys and food as well as treats would be a great additional source of revenue.

Up and down the country, owners are taking their fur babies to groomers every weekend and Jolly Dogs has a huge following that could easily be tapped into. The New Zealand pet industry is currently worth \$1.8b dollars per annum and there are no shortage of pet owners wanting to lavish affection on their fur babies.

Currently staffed with 1 owner as well as 3 full time and 2 part time staff, all the hard work has been done. Were circumstances different, the owner would not have chosen to sell, but as she has just divorced, the sale is crucial.
