DOGGIE DAYCARE

Located in the rapidly growing Highbrook precinct, Furry Babies established itself over 2 1/2 years ago and has grown from humble beginnings into a thriving small business today.

From just one dog per day, they currently look after an average of 30 dogs per day. Revenue has grown steadily, and last year the sales were \$170,000 with a profit to a working owner of nearly \$60,000.

There is a massive upside to this business which will be achieved with the addition of onsite grooming. There is currently an independent groomer that works from the premises, but the area will soon be vacant giving the new owner the ability to generate the additional revenue for themselves. Currently the groomer on site grooms 4 dogs a day, five days a week so there is to do more as well.

Rent is very affordable at \$47,000 per annum which includes rates and opex.

The premises also contains two large rooms in a mezzanine floor which the owner has used for accommodation (but this will need to be verified for consent purposes).

The business currently employs 2 staff to assist the owner, 1 full time and 1 part time. Currently the hours of operation are Monday to Friday 7.00am to 6.00pm.

Well priced at \$130,000 + stock of approximately \$200.

Thank you for your interest in this business. Please do not hesitate to request further information or help regarding this opportunity.
